

Internet Safety

Read the situations below. Flag the situation that you think are unsafe, suspicious or harmful in some way. If a situation is **unsafe or suspicious** colour it in **RED** and if it is **safe with nothing to worry about**, colour it in **GREEN**.

An online friend, who you have been speaking to for a long time, wants to meet up with you.

Your friend from school asks you to FaceTime her so you can go through some homework together.

Your friend asks you to send a hurtful message to someone else because she has fallen out with her.

A friend takes a picture of you sleeping and puts it up on Instagram without asking your permission.

Your best friend logs on to your computer during a sleepover and starts to download videos from the internet.

You receive an email to tell you that you have won free tickets to see your favourite film. All you have to do to claim it, is to click on the link in the email.

You want to play a new video game but in order to play the site asks for your personal information and a credit card number for a 30 day free trial.

An online friend asks you to send her some money as her mum has lost her job and can't buy any food.

Your cousin sends you a text to tell you about a good film he has seen.

Your friend has brought his phone into school and wants to take a photo of you.

If you are worried about something that has happened to you online, what should you do?

What rules are important to keep you safe online?
